

Create An Assignment

Step 1: From your teacher dashboard, click "Create Assignment" under the "My Assignments" heading.

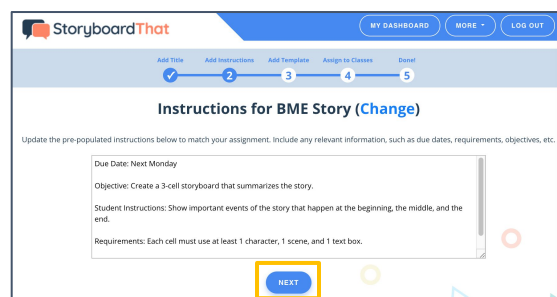

Step 2: Title Your Assignment

You can change this title later. Click "Next".

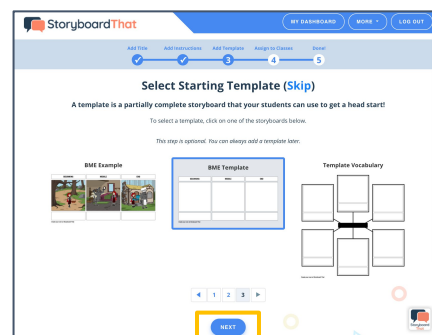

Step 3: Write the Instructions

You can change your instructions later. Click "Next".

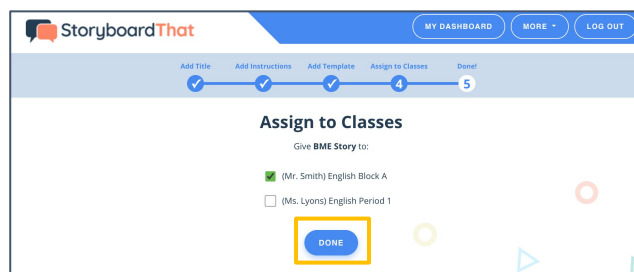

Step 4: Select a Starting Template
No storyboards yet? Click "Next".

When you have storyboards, you will be able to add one as a template to the assignment. Click "Next".

Step 5: Assign to Classes

Select the classes from the checklist. Click "Done".

Success: Assignment created! Your students will see it on their dashboard!
