

CLOSING THE GAPS

Spending more time with struggling students is crucial in order to achieve success, and to reach the ultimate goal of closing the achievement gap. However, time is one thing that teachers have little of. Teachers are tasked with finding or creating meaningful lesson plans, [scaffolding](#), [differentiating](#), grading, and much more. Not only does SBT provide different opportunities for scaffolding and differentiation, but we have a vast library of ready to use [resources](#) in ALL subject areas that you can simply download directly onto your dashboard and assign to your students. Our lesson plans and activities include [Common Core](#) standards, [templates](#), examples, rubrics, and premade directions that you can tailor to fit your needs.

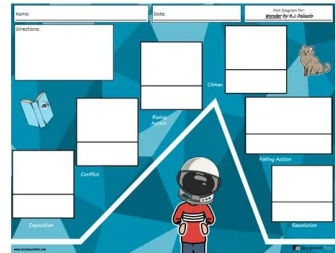

Don't forget to check out our enormous collection of premade [worksheet](#) and [poster](#) templates! Need a poster for [Class Rules](#)? Looking for a [Plot Diagram](#) worksheet? We've got you covered.
